PORN ON DSTV AFRICA?

A MERE REMOTE CONTROL CAN EASILY BECOME A DICTATOR!

With a remote control in your hands, you have the power, at the touch of a button, to choose what ever it is that you want to see on your TV screen. MultiChoice had announced that a porn channel could add to the choice of channels offered on DSTV. Having reached a verdict which has been welcome by the Ministry for Women, Children and Persons with Disabilities, Africa TALK speaks to Africans in Johannesburg to get their views.
